#### Pioneered Robo-Advisory Through Our Flagship Product – ARQ

ARQ provides equity investment advisory services, based on alpha-generating algorithms that take into account multiple fundamental and quantitative factors. ARQ helps clients build portfolio of stocks, that can provide superior risk-adjusted returns compared to the benchmark indices.

#### Key features of ARQ Prime

- Angel Broking's proprietary digital advisory product
- ARQ is time-tested, has outperformed BSE 100 index by a healthy margin since inception in May 2016
- ARQ is delivered through our Angel Broking Mobile App in a simple and uncomplicated user experience
- ARQ transparently displays return generated

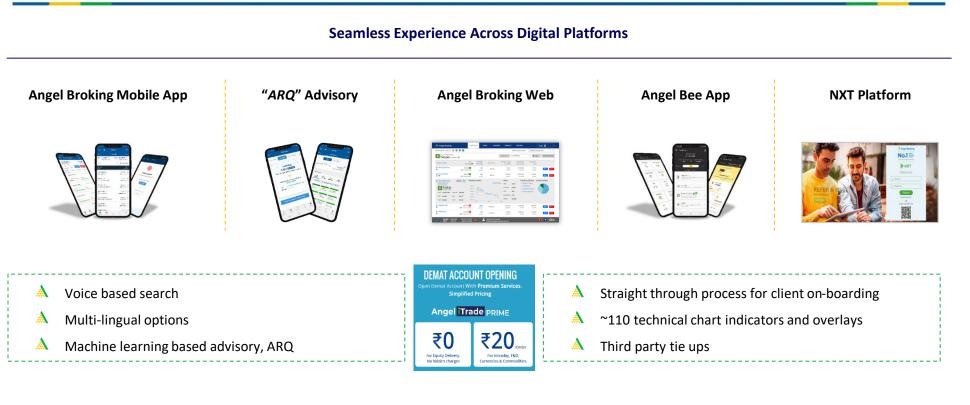

#### **How ARQ Prime Works**

- One of the longest running, proven Smart Beta strategies in India
- A Rules back-tested intensively to select optimum model
- ARQ is a multi-factor model that picks stocks across value, growth, quality, momentum, etc. and also varies cash % in portfolio based on market outlook.
- Robust risk management rules are incorporated in ARQ

#### One of the best digital broking business in India

#### Way Forward

Strengthen our leadership position to become the largest retail broking business in India

Augment our investment in our mobile platform, artificial intelligence, machine learning capabilities & newer technologies

- Aim to become the largest retail broking firm in India, both by broking revenue and active clients
- Continue to focus on acquiring and retaining clients, product innovation and leveraging our web and digital broking platforms
- Provide open source platform, integrate 3rd party applications and offer multilingual services

- Enhance client engagement through focused advancements in mobile technology for innovative products, improved user interface and time optimization
  - Augment artificial intelligence and machine learning based analytics to provide personalized digital experience to our clients

Establish a leadership position in the investment advisory space to support our business

Capitalisation of the growing investable wealth in India

- Continue to maintain high growth and profitability by increasing scope and intensity of our existing investment advisory business
- ANGEL BEE > Continue to engage with third party providers to widen the products bouquet

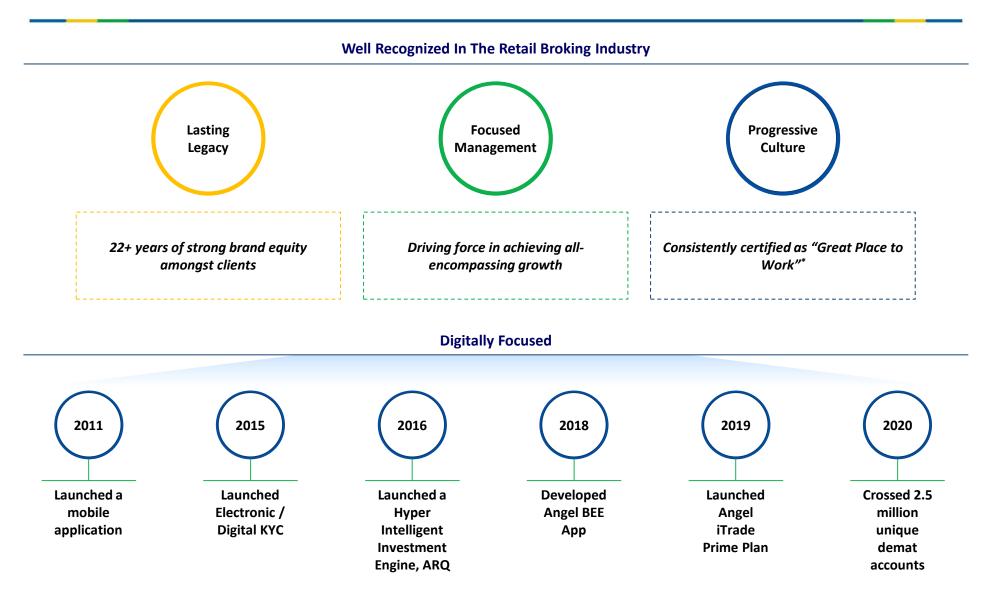

**ARQ** PRIME

- Acquire a large market share of investments in financial products
- Growth in the Indian economy, urbanization and consumerism will drive growth in financial market
